Team Leaders' Guide

Welcome!

On behalf of the entire organising committee, it's an honour to introduce this Team Leaders' Guide for the Rio 2016 Olympic Games. I would like to thank everyone at the IOC, the international federations, the NOCs and all stakeholders and partners for their support in the creation of these guides, as well as in helping us in our preparations for the athletes and teams at Games time.

We have been working for years to provide all the athletes with the best possible services and environments, in the Olympic Village as well as the competition and training venues, and to ensure their maximum performance at the first-ever Olympic Games in South America.

Some of the highlights of this guide include:

- Key dates and personnel
- Information on the competition format and rules
- Details on processes relating to competition and training
- Specific venue facilities and services, including transport information and maps
- General information on topics that are vital for all sports, such as medical services, doping control, accreditation and security

We trust that this publication will assist you in your planning for Games time and your stay here in Rio de Janeiro. If you require any additional information that has not been included in this guide, please do not hesitate to contact Rio 2016 competition management at your competition or training venue, or the Sport Information Centre or NOC Services Centre in the Olympic Village.

Rio 2016 is ready to deliver a one-of-a-kind Games, and we are more than proud to welcome you and the rest of the world!

YOURS IN SPORT,

Women's Trap	3 ROUNDS X 25 TARGETS	
Women's Skeet	3 ROUNDS X 25 TARGETS	

RIFLE AND PISTOL TIEBREAKING

(TO BE ELIGIBLE TO ADVANCE TO THE FINALS FROM THE QUALIFICATION)

All tied scores in the 50m, 25m and 10m Pistol events will be broken by applying the following rules:

- The highest number of inner tens
- The highest score of the last 10-shot series working backward by 10-shot series in full ring scoring (not inner tens or decimals) until the tie is broken
- If any ties remain, scores will be compared on a shot-by-shot basis using inner tens (an inner ten outranks a 10 that is not an inner ten) beginning with the last shot, then the next to the last shot and so on
- If any ties remain, scores will be compared on a shot-by-shot basis using decimal ring scores beginning with the last shot, then the next to the last shot and so on
- When decimal scoring is used for 10m Air Rifle or 50m Rifle Prone elimination or qualification events, ties will be broken by the highest score of the last 10-shot series, and then by comparing decimal scores on a shot-by-shot basis beginning with the last shot, then the next to the last shot and so on

SHOTGUN TIEBREAKING

(TO BE ELIGIBLE TO ADVANCE TO THE SEMI-FINAL FROM THE QUALIFICATION)

- When there are more than six eligible athletes for the finals because of tied scores — i.e., more tied athletes than corresponding places, the ties for the last place(s) in the final must be broken by a shoot-off in accordance with the Rules for Trap, Double Trap or Skeet.
- Any athlete who is not in his assigned position and ready to shoot at the official starting time must not be allowed to participate in the shoot-off and will automatically be given the lower place in the shoot-off using his qualification score.
- Whenever possible, tie shooting before the finals should take place on a range other than the one to be used for the finals.
- After a shoot-off to determine the six athletes in the finals, the shoot-off result will decide the ranking of all athletes who participated in this shoot-off. Any remaining athletes with the same shoot-off result must have their rankings determined according to the “Count Back” rule.

COUNT BACK RULE

Any ties to be broken by this method must be decided as follows:

- The scores of the last round of 25 targets (Double Trap 15 doubles) must be compared, and the winner is the athlete with the highest score in that round.
- In a case where the tie is still not broken, the round before last must be compared and, if still not broken, the round before that, and so on.
- If the results of all the rounds are still equal, ties must be decided by counting forward from the first target of the last round (and, if necessary, the next to the last round, and so on) until a zero is found. The athlete with the most hits in succession before the zero will be given the higher place.

Competition rules

The Shooting competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

ISSF OFFICIAL STATUTES: RULES AND REGULATIONS

(available at www.issf-sports.org)

IOC OLYMPIC CHARTER

(available at www.olympic.org/olympic-charter/documents-reports-studies-publications)

In accordance with the Rule 46 (Role of the IFs in relation to the Olympic Games) and the Bye-law to Rule 46 of the IOC Olympic Charter, ISSF will be responsible for the control and direction of Shooting at the Rio 2016 Olympic Games.

Scoring

In all Rifle and Pistol events, shots are fired at 10-ring targets; scoring is done electronically by measuring the distance between the centre of the shot hole and the centre of the target.

Qualification scores entitle an athlete to a place in the finals but do not carry forward. Finals scoring starts from zero. For finals, the 10 scoring rings are subdivided into 10 'decimal' score zones from 0.0 to a maximum 10.9.

In the men's Rapid Fire Pistol events/stages, competitors aim at larger targets with five scoring rings (5-10). In Rio 2016, the men's 25m Rapid Fire Pistol and the women's 25m Pistol finals will be scored on a hit-or-miss basis. The hit zone within the 25m target for the women's 25m Pistol event is 8.4 cm in diameter; the hit zone for the men's 25m Rapid Fire Pistol event is 13cm in diameter.

In men's and women's 10m Air Rifle and the men's 50m Rifle Prone, decimal scoring is used for both the qualification and final rounds.

In shotgun events, a hit is declared when at least one visible piece is seen by the referee to fall from a target, or in the finals if a visible piece is seen or if powder emerges from the target after a shot.

APPEALS AND PROTESTS

Appeals and protests must be submitted within the specific times for each event, as stated in the ISSF Rules. Official results will not be published until any problems have been resolved.

Clothing and equipment

Clothing and equipment used by athletes and other participants in the Shooting competition at the Olympic Games must comply with the documents listed below:

ISSF OFFICIAL STATUTES: RULES AND REGULATIONS

(available at www.issf-sports.org)

IOC OLYMPIC CHARTER

(available at www.olympic.org/olympic-charter/documents-reports-studies-publications):

Rule 50 (Advertising, demonstrations, propaganda) and the Bye-law to Rule 50

IOC GUIDELINES REGARDING AUTHORISED IDENTIFICATIONS FOR THE GAMES OF THE XXXI OLYMPIAD, RIO 2016

(distributed by the IOC to all NOCs)

IOC OLYMPIC CHARTER RULE 50 AND GUIDELINES REGARDING AUTHORISED IDENTIFICATIONS

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events. This principle is reflected in the Bye-law to Rule 50 of the Olympic Charter. In addition, detailed information on the implementation of Rule 50 to clothing, equipment, accessories and other items is detailed in the IOC's Guidelines Regarding Authorised Identifications for the Games of the XXXI Olympiad, Rio 2016, which has been distributed by the IOC to all NOCs, IFs and sporting goods manufacturers.

Below, please find excerpts (sections 1, 8 and 9) from the Bye-law to Rule 50 of the Olympic Charter and the sport-specific guidelines from the IOC's Guidelines Regarding Authorised Identifications for the Games of the XXXI Olympiad, Rio 2016. However, all NOCs are strongly advised to refer to the complete Guidelines Regarding Authorised Identifications document for detailed information and instruction on all aspects of Rule 50 and its application and enforcement at the Rio 2016 Olympic Games.

IOC Olympic Charter: Bye-law to Rule 50 (excerpts)

1. No form of publicity or propaganda, commercial or otherwise, may appear on persons, on sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by all competitors, team officials, other team personnel and all other participants in the Olympic Games, except for the identification – as defined in paragraph 8 below – of the manufacturer of the article or equipment concerned, provided that such identification shall not be marked conspicuously for advertising purposes.

The IOC Executive Board shall adopt guidelines that provide further details on the implementation of this principle.

Any violation of this Bye-law 1 and the guidelines adopted hereunder may result in disqualification of the person or delegation concerned, or withdrawal of the accreditation of the person or delegation concerned, without prejudice to further measures and sanctions which may be pronounced by the IOC Executive Board or Session.

The numbers worn by competitors may not display publicity of any kind and must bear the Olympic emblem of the OCOG.

8. The word “identification” means the normal display of the name, designation, trademark, logo or any other distinctive sign of the manufacturer of the item, appearing not more than once per item.

9. The OCOG, all competitors, team officials, other team personnel and all other participants in the Olympic Games shall comply with the relevant manuals, guides, regulations or guidelines, and all other instructions of the IOC Executive Board, in respect of all matters subject to Rule 50 and this Bye-law.

IF SPECIFIC TECHNICAL REQUIREMENTS

The following IF technical requirements apply in relation to the General Guidelines (The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXI Olympiad, Rio 2016 is available on the [Rio Exchange — https://rioexchange.rio2016.com](https://rioexchange.rio2016.com)):

Section 8 — Third party identifications (athlete names)

The athlete's family name and first initial must be displayed on the back of shooting vests or outer garments worn by shotgun athletes.

The athlete's family name and/or given name may be displayed on the shirts, shooting jackets and shooting trousers worn by rifle and pistol athletes.

Section 10 — NOC emblems and national identity

The NOC code must be displayed on the back of shooting vests or outer garments worn by shotgun athletes.

National flags or NOC emblems may be placed on:

- The front of headgear (caps or visors)
- Ear muffs (ear protection)
- The back of shotgun vests next to the NOC code
- On the shoulders of shooting jackets that are turned away from the targets or shirts that are worn by rifle or pistol athletes

All clothing worn on the field of play must comply with the “ISSF Dress Code” (Rule 6.19 of the ISSF General Technical Rules). Sporting colours should be national uniform colours.

Section 12 — Homologation marks

All rifle shooting jackets and trousers must have a seal with a unique serial number issued by ISSF Equipment Control and registered in the ISSF database.

Government regulations also require firearms to bear identifications stamped in the metal that bear the manufacturer’s name, firearm model and caliber.

Section 17 — Submission process

All shooting equipment and clothing used in competition must comply with ISSF General Technical Rules (Rifle, Rule 7.4; Pistol, Rule 8.4; Shotgun, Rule 9.4). Pre-competition testing is optional for athletes, but all shooting equipment and clothing is subject to jury checks during the competition and to random post-competition testing.

Doping control

With the guidance of the IOC, Rio 2016 is responsible for implementing the doping control programme during the Rio 2016 Olympic Games. The Rio 2016 Games will collect approximately 5,000 urine and blood samples.

An intelligent test distribution plan will focus on both out-of-competition and in-competition testing, based on risk assessments developed through collaboration with the IOC, International Federations (IFs), Anti-Doping Organisations (ADOs) and the World Anti-Doping Agency (WADA) to ensure effective and coordinated testing.

Athletes may be tested at any time and in any place under the authority of the IOC during the Games period, defined here as the period starting on the date of the opening of the Olympic Village on 24 July 2016 up until and including the day of the Closing Ceremony on 21 August 2016.

All sample analysis will be performed at the Laboratório Brasileiro de Controle de Dopagem (LBCCD), the WADA-accredited laboratory in Rio de Janeiro, with results normally expected within 72 hours of delivery.

Full details of doping control procedures are available in the Rio 2016 Olympic Games Doping Control Guide, which may be downloaded from the Rio Exchange (<https://rioexchange.rio2016.com>). Printed copies of the guide will be available in all doping control stations during the Games. NOCs should also note that a brief guide to doping control procedures will be distributed to all athletes.

Sport information

SPORT INFORMATION CENTRE (SIC)

The Sport Information Centre (SIC) in the Olympic Village will contain a desk serving each sport/discipline and provide sport information to NOCs throughout the Games. The SIC is located in the Residential Zone next to the Entertainment Centre and is open to Chefs de Mission, Deputy Chefs de Mission, team leaders and team officials (Ac and Ao). NOCs should note that it is not open to athletes. The services provided at the SIC are:

- Dissemination of general sport information through electronic sport publications (available on the [Rio Exchange](#)) and discussions with sport-specific staff
- Access to official results, draw/start lists and other key competition information, including schedule updates where required
- Provision of training schedule information and, where available, assistance with booking and changing training sessions
- Assistance with the communication of key information from International Federations and Rio 2016 to NOCs
- Information on transport services, bookings for team sport buses and transfers for oversized sport equipment
- Ordering of Athlete Training Meals (48 hours in advance)
- Receipt of Training Venue Pass (TVP) requests
- Other sport-specific services

Information will also be accessible to NOCs via eight Info+ terminals that will be located in the SIC. In addition, each NOC will have access to myInfo+ accounts that can be accessed via a login and password on any computer. Further details on myInfo+ can be found on page [22](#).

The SIC will open on 18 July and will be open every day throughout the Games. The hours are as follows:

SIC DATES	HOURS OF OPERATION
18 - 23 July 2016	8.00 - 20.00
24 July - 20 August 2016	7.00 - 22.00*
21 August 2016	7.00 - 20.00
22 August 2016	8.00 - 12.00

*The SIC will close at 18.00 on 5 August due to the Opening Ceremony.

Upon arrival in the Village, team leaders are strongly encouraged to visit their relevant SIDs in the SIC to introduce themselves and register their contact information to facilitate any necessary communication.

SPORT INFORMATION DESKS (SIDS)

The SID at the Olympic Shooting Centre will be open from 25 July to 14 August, from 7.00 until one hour after the end of the last event. Please note that on 5 August, the SID will close at 12.00 due to the Opening Ceremony.

Weather	Real-time weather conditions and forecasts

Info+ workstations will be provided in the following locations:

- Olympic Village (NOC Services Centre, press workroom, resident centres, Sport Information Centre, Village Protocol Lounge and Welcome Centre)
- Competition venues in team and athlete areas, including Sport Information or Athletes' Lounges

myInfo+ is a web-based service that will allow users to access Info+ from their own PC, laptop or tablet — wherever there is access to the internet — whether in an Olympic or non-Olympic venue.

myInfo+ allows access to the same information available at dedicated Info+ workstations, including schedules, near real-time results, medals, records, biographies, news, historical results and transport information. Additional features include user customisation (for example, by sport), message alerts, bookmarking, hyperlinking to other key websites, downloadable results books

and the ability to copy and paste information from results and news reports.

Sport Viewing Room (SVR)

The Sport Viewing Room (SVR) will be located in the Residential Zone of the Olympic Village in close proximity to the Welcome Centre. It will provide teams and athletes access to Olympic Broadcast Service (OBS) feeds of their competitions in order to assist with their training, analysis and preparations. The hours of operation are:

DATES	HOURS OF OPERATION
5 August 2016	7.00 - 12.00
6 - 20 August 2016	7.00 - 22.00
21 August 2016	7.00 - 12.00

The SVR will be comprised of 12 athlete viewing stations, each with two seats, and eight team viewing rooms, one with 35 seats and the others with 20 seats each.

To guarantee availability, rooms at the SVR should be reserved on-site in advance. This must be done only by Chefs de Mission, Deputy Chefs de Mission, team leaders or team officials (Ac and Ao).

Teams, athletes and/or coaches are asked to arrive ten minutes before their scheduled time and respect other users by only staying in the room for the period of time that they have reserved. Rio 2016 staff will hold a reserved viewing room or viewing station for up to 15 minutes; if after that time no one has arrived, it will be made available for others to use.

Teams/athletes may only request to watch recordings of sessions in which they and/or their confirmed future opponents have participated. The feeds will be provided as full sessions only; there will be no possibility to edit footage within a particular session, and teams/athletes will not be able to take footage out of the SVR for remote analysis.

Competition schedule

Changes to the competition schedule will be communicated to NOCs through the Sport Information Centre (SIC) in the Olympic Village and the Sport Information Desk (SID) at the Olympic Shooting Centre. Changes will also appear on Info⁺.

COMPETITION: GENERAL INFORMATION

Firearms transportation and security

FIREARMS TRANSPORTATION AND SECURITY

Detailed instructions and information concerning firearms and ammunition importation and exportation, as well as relevant direction on the management of firearms during the Games, may be found in the Chefs de Mission Manual and the Rio 2016 Customs and Freight Manual, which was sent to NOCs in April and may be downloaded from the Rio Exchange (<https://rioexchange.rio2016.com>).

ARRIVALS & DEPARTURES

Prior to arrival, all competitors coming to Brazil to train and compete at the Rio 2016 Olympic Games must have applied for a Brazilian entrance permit (DUA - Documento Único de Autorização). All NOCs must have completed DUA applications in the Rio 2016 Arrivals & Departures System (ADS) prior to 10 June. After this date, only athletes who obtain quota places may complete DUA applications through the ADS.

The DUA permit (one per athlete) issued upon arrival in Brazil must be retained and presented upon departure from the country. The permit will be issued free of charge and will cover the athletes from 24 July to 31 August.

In addition, at least two days prior to arrival, an e-DBV (electronic customs declaration form) must be completed online for athletes to be allowed to enter and circulate in Brazil with their firearms and ammunition.

All shooting equipment should arrive at Rio de Janeiro's official port of entry, Tom Jobim International Airport (GIG). The Armoury will be open and ready to receive firearms from 24 July, the day the Olympic Village opens. No firearms or ammunition will be accepted in the Olympic Village.

For arrivals at Santos Dumont Domestic Airport (SDU) with shooting equipment, athletes must go to the Rio 2016 airport welcome desk at GIG in Terminal 1, from where they will be accompanied to the collection point in Terminal 1 to drop off their equipment to Rio 2016.

Rio 2016 strongly recommends that athletes and team officials travelling to Brazil with firearms and ammunition travel directly to GIG, the official port of entry for the Games.

Team leaders are responsible for informing Olympic Shooting Centre staff when they have finished competing for the last time and no longer require their firearms. After they have finished competing, athletes and NOCs will have their firearms checked and processed for export at the Olympic Shooting Centre, with all necessary documents verified and processed.

As with team arrivals, firearms will be moved by secure vehicle from Olympic Shooting Centre to the GIG collection point. All NOCs must update their athletes' departure information at the Arrivals and Departures Desk in the NOC Services Centre in the Olympic Village.

At GIG, athletes will pick up their shooting equipment at the collection point at Terminal 1. Firearms must be presented to authorities for inspection at the port of departure, together with the DUA permit issued upon arrival in Brazil, so that the temporary admission process can officially be concluded. The airline will then follow normal handling procedures and place the firearms on the respective aircraft.

For further details on the procedures regarding the secure transportation and storage of firearms and ammunition, please refer to the Custom & Freight Manual Appendix - Firearm & Ammunition document which was sent to NOCs in April and which may be downloaded from the Rio Exchange (<https://rioexchange.rio2016.com>).

COMPETITION VENUE PROCEDURES

Full range-management procedures, including range safety orders, will be reviewed at the technical meeting (see page [30](#)), and they will also be made available on request at the SID at the venue. The most important rules and regulations are emphasised below:

- Firearms and ammunition will not be allowed inside the Olympic Village or official hotels. This policy will be strictly applied. Upon departure from the venue, boxes for depositing any ammunition and checks by staff will take place in order to ensure compliance and to guard against any inadvertent exit with prohibited items.
- Athletes and any other accredited or authorised officials must be in possession of their official accreditation and issued a firearms tag when withdrawing their firearms and ammunition from the Olympic Shooting Centre. Neither firearms nor ammunition will be issued to any person who fails to produce both forms of identification.
- Once registered in the Olympic Shooting Centre, all firearms and ammunition must remain at the venue until such time as the athletes and/or teams depart after they finish competing. Under special circumstances, firearms may be withdrawn from the venue beginning 24 August, the day the Olympic Village closes, but only with the written and signed authority of the shooting manager.
- All firearms must be moved between the Olympic Shooting Centre and fields of play/ranges in a boxed and cased condition.
- Firearms must only be uncased and prepared for use on the fields of play/firing line or in the clearly designated preparation and warm-up areas next to each range.
- Firearms must only be loaded and operated on the designated fields of play/ranges in compliance with orders issued by range officers.
- When not in use on the firing line, rifles and pistols (where applicable) must have their breeches open. All firearms must be cleared by a range officer before an athlete leaves the firing point.
- Athletes will be responsible for the safe custody and handling of their firearms at all times once the firearms have been issued from the Olympic Shooting Centre. Firearms must never be left unattended in the venue at any time.
- Athletes will not be permitted to move into unaccredited public or spectator areas with firearms and or ammunition at any time. Clearly defined fencing and manned access control points mark the boundaries between accredited and unaccredited areas.
- The safety rules and regulations and firearms management protocols laid out by the Brazilian Federal Police will be applied at the Olympic Shooting Centre throughout the Games. Athletes and coaches must follow them throughout.

EQUIPMENT STORAGE

For teams arriving at Tom Jobim International Airport (GIG), the official Port of Entry for Rio 2016, all firearms and ammunition will be received and tagged by Rio 2016 staff and stored for transport to the Olympic Shooting Centre. After exiting the restricted area, athletes in possession of firearms and/or ammunition will be directed by Rio 2016 staff to a collection point in Terminal 1. Athletes will not have to accompany their firearms to the competition venue and will travel onwards to the Olympic Village.

All firearms will be taken upon arrival and delivered by secure means directly to the Olympic Shooting Centre in accordance with the procedures outlined in the Custom & Freight Manual Appendix - Firearm & Ammunition. The Armoury will be open and ready to receive firearms from 24 July, the day the Olympic Village opens.

Pre-competition procedures

COMPETITION DRAW

The draws for the qualification rounds in all events will be conducted at 16.00 on 3 August 2016, the day before the technical meeting. The draws for firing order in finals will be determined by computer draws that are done immediately after preliminary qualification results are final.

All team leaders are eligible to attend. The draw will be conducted in accordance with ISSF rules and will be held more than 24 hours before the start of pre-event training (PET). The results of the draw will be distributed via Info+ and will be placed on bulletin boards and in team leaders' pigeonholes.

TECHNICAL MEETING

DATE

4 August

TIME

15.00

LOCATION

Rifle and Pistol Finals Hall at the Olympic Shooting Centre

The technical meeting will be conducted by both technical delegates and competition management and will be held in accordance with the ISSF Rules and Regulations. All NOC team leaders must attend.

Competition procedures

WARM-UP PROCEDURES

There will be one dry firing hall for Rifle and Pistol, and one for Shotgun.

All athletes must comply with the warm-up and call procedures detailed in the ISSF Rules and Regulations, Rule 6.17 (Finals in Olympic Rifle and Pistol events) and Rule 9.17 (Finals in Olympic Shotgun Events).

ACCREDITED/TEAM SEATING

During the qualification stage of each event, same-sport accredited team seating will be available near the Olympic Family seating, in the center-front rows of the stands.

In the Finals Hall, seating for same-sport athletes and accredited Shooting family will be available in the front rows of the stands.

Athletes may also sit in nearby Olympic Family seating if space and demand allows, as controlled and at the discretion of Rio 2016 Event Services.

VIDEO RECORDING

Non-professional consumer cameras do not require stickers to be brought into venues, and clearance with OBS is not necessary. If a team wishes to do its own technical filming in a competition venue during competition, it may do so from the athlete and spectator seating area using non-professional consumer video cameras (per IOC policy the camera must be non-broadcast, i.e. a camera that is used for domestic use rather than for commercial high-end broadcasting). Teams may also film during the training sessions using non-professional cameras. All such material shall be used solely for internal viewing purposes and not for commercial use.

Post-competition procedures

LEAVING THE FIELD OF PLAY

All athletes must comply with the directions from staff at the venue after they have finished competing.

POST-EVENT CONTROL

At the end of the daily shooting schedule and after the ranges have closed, all firearms must be returned to the Armoury. Firearms and/or ammunition may not be withdrawn from the venue, and checks will be in place to ensure compliance. The Armoury will close 30 minutes after the end of the last event.

DOPING CONTROL

Athletes selected for doping control will be notified in person and escorted to the doping control station by a doping chaperone as soon as practically possible after they have finished competing. It is the responsibility of the athlete to remain under continuous observation of the anti-doping chaperone after notification. For details of the doping control programme at Rio 2016, see page [20](#).

MIXED ZONE

A mixed zone has been planned in every venue and will operate for all competitions for athletes to pass through and give interviews to the media as they leave the field of play. Press Operations, in conjunction with Sport, run the press side of the mixed zone. All athletes (and for team sports only, the coaches) are invited to pass through the mixed zone, but they are not obliged to speak to the media if they do not wish to do so.

There is no time limit for athlete interviews; however, the mixed zone team will ensure that all operations are driven in a smooth and timely manner.

Press Operations staff will work closely with NOC press attachés to ensure smooth management of the mixed zone. One press attaché per NOC, wearing the required armband, is permitted to enter the athletes' side of the mixed zone only once the athletes are walking through the press area of this zone. The armbands will be distributed during the NOC Press Attaché Briefing, scheduled for 1 August 2016 at the Main Press Centre (MPC). Those who cannot attend the meeting can collect the armbands from the IOC Media Operations Office at the MPC.

At certain venues, the interviews conducted by the Olympic News Channel in the first section of the mixed zone will be broadcast live on the television monitors on the press side of the mixed zone, so that the press can capture the athletes' first comments even before they reach the press section of the mixed zone.

Professional Olympic News Service reporters will gather athletes' comments, which will be published on Info.

Each range at the Olympic Shooting Centre will have a mixed zone, located at the exit of the field of play.

PRESS CONFERENCES

In most venues, the press conference room has been combined with the press work room space within the Venue Media Centre, providing a multi-purpose space from which accredited media can work.

Post-competition press conferences will be held with medallists shortly after the end of every medal event.

NOCs may hold press conferences in the Press Conference Centre, located next to the MPC, from 24 July to 21 August 2016. The NOC must book these press conferences no later than the day before they are scheduled to occur through the on-site Press Conference Booking Office.

Professional interpretation services will be provided at all press conferences. For Shooting, consecutive interpretation will be available.

The updated schedule for press conferences will be available on Info and myInfo (see page [22](#)).

RESULTS DISTRIBUTION

Different from past Games, there will not be regular distribution of printed results to the NOCs. For certain reports, a limited number of copies will be distributed to team leaders at the SID. Results for all sports will also be available through Info/myInfo and the Rio 2016 official website; see page [22](#).

No later than 24 hours after all competition for a discipline has ended, a results book containing all results and competition-related reports for that discipline will be made available for download in PDF format on the Rio 2016 official website. The website will be available until 31 December 2016.

VICTORY CEREMONIES

Victory ceremonies will be conducted in English, French and Portuguese, and occur at all competition venues, as per the date and time indicated in the sport competition schedule.

There will be a five-minute briefing for medallists before the victory ceremony, during which athletes will be shown the route along which they will be led and reminded of their responsibility to adhere to Rule 50. Only the athletes may be present at this briefing, unless otherwise indicated. There will also be a briefing for coaches and team officials during sport meetings the day before the finals.

During the medal presentation, accreditation must either be temporarily surrendered to the victory ceremony coordinator or hidden out of sight. No participant in the victory ceremony should have flags, mascots, a mobile phone, a camera, headphones, sport equipment or other items on them during the ceremony; this is a breach of Rule 50. Athletes must be wearing their NOC tracksuits. Please also note that no one other than athletes and those who are part of the Sport Presentation Victory Ceremonies team may be part of the victory ceremony.

Upon completion of the photo opportunity after the victory ceremony, each athlete will be required to pass through the mixed zone, unless indicated by the athlete escorts and the Rio 2016 sport manager.

During the victory ceremony, the Doping Control team is required to keep athletes in its line of sight at all times; therefore, it is imperative that athletes do not deviate from the prescribed routes outlined in the briefing.

Medals and diplomas

Medals and diplomas will be awarded in each event of the competition in accordance with Rule 56 (Victory, medal and diploma ceremonies) of the Olympic Charter, as follows:

- 1st place: A gold medal, a diploma and an Olympic medallist's pin
- 2nd place: A silver medal, a diploma and an Olympic medallist's pin
- 3rd place: A bronze medal, a diploma and an Olympic medallist's pin
- 4th–8th places: A diploma

Please note that first, second and third places will also receive a gift.

COMPETITION: VENUE INFORMATION

The Shooting competition will be held at the Olympic Shooting Centre, located in the Deodoro zone. The venue was built in 2007 for the Pan American Games and belongs to the 1st Army Division – 1st DE (Division Mascarenhas de Moraes), which was created on 23 March 1908. On 9 August 1943, it was transformed into the 1st Infantry Division of the Brazilian Expeditionary Force, the main Brazilian force sent to the Second World War. Nowadays, 20,000 military personnel are based at this location.

Key information

OLYMPIC SHOOTING CENTRE

Av. Brasil, 27.195, Campo de Instrução de Gericinó
Vila Militar, Deodoro

Estimated journey time from Olympic Village Transport Mall: 25 minutes

Please note this is only applicable during the period when the Olympic Route Network is in use. During the training period up to 31 July, travel times may vary according to traffic conditions.

Venue access

Athletes will be dropped at the athlete load zone and proceed by foot toward the main entrance close to the Finals Hall. Their accreditation will not be checked upon arrival at the venue (bubble-to-bubble system), but will be checked at the Armoury.

A complete timetable of bus services available for the Shooting competition and training sessions will be available on Info+.

Field of play

The competition venue will contain the following competition areas:

- one rifle/pistol qualification range for 10m events, with 60 firing points
- one rifle/pistol qualification range for 50m events, with 60 firing points
- one pistol qualification range for 25m events, with 40 firing points
- one rifle/pistol finals range
- three shotgun ranges, including a finals range

All competition areas and equipment will be presented in accordance with the ISSF Rules and Regulations.

Venue facilities and services

Armoury and service industry work area

A full-service industry firearms service is located near each Armoury compound, where there will be shotgun and rifle/pistol industry providers.

Athletes' Lounge

There will be a lounge located next to Shotgun Range A, which will provide a refreshment station, tables, chairs and sofas. This lounge is for all athletes (Rifle, and Pistol and Shotgun).

Call rooms

The call room for the Rifle and Pistol Finals Hall is located on the basement level, and there will be space and seating for eight athletes and eight officials/coaches. At the Shotgun Finals Hall, the call room is located on the ground level and there will be room and seating for six athletes and six officials/coaches. An adjoining room contains an additional equipment control for pre-final checks at both call rooms.

Refreshment station

All competition venues will have a refreshment station which will contain whole fruit, bottled water, Powerade and other Coca-Cola beverages. At the Olympic Shooting Centre, the refreshment station will be located in the Athletes' Lounge. Athletes and team officials may bring food into competition venues. However, please note that only non-perishable items will be allowed, as there is no refrigeration available.

Athlete Venue Meals and Athlete Training Meals

During competition, a cold-packed meal will be available for collection at the Olympic Shooting Centre for team officials and competing athletes, and will not have to be ordered in advance. The meals will consist of a sandwich, a salad, a fruit salad and a sweet item.

During training, cold-packed meals will be available at the Olympic Shooting Centre for athletes and team officials; however, meals will need to be ordered by 21.00 48 hours in advance at the SIC in the Olympic Village.

For special dietary requirements, a form is available at the SIC and needs to be completed at least 48 hours in advance of the meal service and submitted to the SIC at the Village.

Changing rooms

There will be one changing room for men and one for women on the ground floor, close to the equipment-control area.

Physiotherapy services

There will be a dedicated space for physiotherapy services located on the ground floor across from the changing rooms, and it will be equipped with five beds available on a first-come, first-served basis.

Doping control station

The doping control station at the Olympic Shooting Centre is located next to the medical post. For details of doping control at the Rio 2016 Olympic Games, please see page [20](#).

Equipment control

The equipment-control area is located on the ground floor between the 25m and 50m ranges. All athletes must have their firearms, equipment and clothing checked before official training and competition.

Equipment repair

All equipment repair requests should first be directed to the service industry providers (see above). More serious firearms repair requirements should be brought to the attention of competition management.

Firearms and ammunition storage facilities

All ammunition must be stored within the Armoury compound. Each NOC will have a designated space to store items. Shotgun ammunition will be available at the shotgun ranges for unofficial training and may be purchased by NOCs. Prices will be displayed at the shotgun ranges and will be in line with ISSF guidelines.

Internet access

At the Olympic Shooting Centre free Wi-Fi internet access is available in the Athletes' Lounge. All properly accredited individuals will be able to access the wireless internet at the venue by accessing the Self Service Internet Portal on their personal device and creating a login and password.

LANGUAGE SERVICES

Rio 2016 Language Services Assistants (LSA) will provide volunteer interpretation services at competition venues. The LSAs may be identified by the pin or pins on their uniform specifying the languages they speak.

At the Olympic Games, LSAs will be covering English, Portuguese, French, German, Chinese (Mandarin), Italian, Russian and Spanish. Subject to volunteer availability, Rio 2016 will also offer interpretation services for Korean, Arabic, Hungarian, Thai, Farsi, Dutch, Ukrainian, Hindi, Swahili, Amharic, Czech, Romanian and Slovakian. Specific languages will vary by venue. For information about the languages offered at your venue(s), or to request language assistance, contact Rio 2016 Shooting competition management, who will coordinate with Rio 2016 language services.

NOC requests for language services should be made by 17.00 the day before the service will be needed. Late requests will be considered on a case-by-case basis.

Unlike in past Games, there will be no 24-hour over-the-phone interpretation service during the Rio 2016 Olympic Games.

LOST AND FOUND

All reports of lost items at the Olympic Shooting Centre should be directed to the nearest Sport Information Desk (SID). This is also the location to which all found items should be delivered. For more information on the SID, please see below.

MEDICAL SERVICES AND FACILITIES

Medical services at all competition venues will be provided at athlete medical stations, complete with a doctor, nurse and physiotherapist and supported by a number of ambulances, as well as a field of play team led by a doctor. Outside of the venues, the Polyclinic in the Olympic Village will provide additional medical services, as will the designated reference hospital.

Medical services in each competition venue will be managed by the venue medical manager and the medical operations manager. Rio 2016 medical services are designed based on the rules of each IF and the Olympic rules for the sport. Medical services will generally be available from two hours before the start of competition until one hour after competition ends; however, times vary in some venues.

Full details on medical services at the Olympic Games are available in the Rio 2016 Olympic Games Healthcare Guide.

SPORT INFORMATION DESK (SID)

The SID at the Olympic Shooting Centre will be located inside the Athletes' Lounge. For details of the SID's opening hours and the services it will provide, please see page [22](#).

VENUE ACCREDITATION OFFICE (VAO)

One VAO will operate at the Deodoro Common Domain during the Games. The VAO is located next to the workforce and spectator entrance. There will also be one VAO operating at the Olympic Shooting Centre during the Games. The VAO is located next to the media and Olympic Family Pedestrian Screening Area.

Weather information

Rio de Janeiro as a whole benefits from a mild to warm climate during the winter month of August. Based on statistics from recent years, teams can expect an average daily high of around 21-22°C (70-72°F) in the Deodoro zone. On average, relative humidity ranges from a minimum of around 60 per cent to a maximum of around 80 per cent during this period. The average rainfall is 22 millimetres and the prevailing winds are from the southeast and north-east.

At Games time, forecasters from governmental meteorology institutions will be located in the Sport Operations Centre and will provide regular weather forecasts for all venues that will be staging outdoor sports. Up-to-date forecasts will be available on Info+.

TRAINING

Training for the Shooting competition will also take place at Olympic Shooting Centre. Training at the venue will occur from 25 July until 12 August, according to training schedule. All training equipment will be approved by ISSF, and will comply with Rule 50 and the Bye-law to Rule 50 of the Olympic Charter.

ALLOCATION/BOOKING OF TRAINING SESSIONS

There are unofficial, official, and pre-event training (PET) sessions during the training period in specific ranges and times (for details, please see the preliminary competition and training schedule on page [62](#)). Please note that training times and dates are subject to change due to ongoing conversations with the IFs and the NOCs. Any updates to the schedule will be communicated to the NOCs via the Rio Exchange and will be available on Info+.

Team managers must book unofficial training sessions with the chief range officer of the relevant qualification range at the venue. Allocation will be based on the number of athletes attending on any given day and demand per event. Rio 2016 competition management will ensure that bookings are allowed on an equal and fair basis across NOCs. Bookings will also be dependent upon the maintenance needs and staffing levels of the specific ranges.

Notification of allocated spaces will be conducted in accordance with normal protocols and timing and scoring outputs. Information regarding allocated sessions for PET is available in the training and competition schedule. The firing points distribution will be available after the draw event.

Training regulations

Unofficial training will be provided from 25 July through to the start of the competition schedule. After the start of competition, official training will take place in accordance with the ISSF Rules and Regulations.

Venue facilities and services

See page [36](#).

Training Venue Passes (TVPs)

Training Venue Passes (TVPs) will facilitate access to training venues (standalone training venues and competition venues when in training mode) for non-accredited athlete support staff. TVPs do not act as an accreditation and do not grant additional entitlements to the holder. The TVP does not act as a visa waiver.

TVPs are applicable to non-accredited personal coaches, training partners, massage therapists, physiotherapists and other essential staff. They cannot be used by reserve athletes.

TVPs will be available at the Rio 2016 Olympic Games, in line with International Olympic Committee (IOC) regulations and on a sport-specific basis, from the start of training until the end of competition for the respective sport. There will be a limit to the number that NOCs can request for each venue on a particular day, which will vary according to the sport's quota.

TVPs will be valid for one day only. Individuals that are required to attend training across multiple days must submit separate requests through the Guest Pass system for each day. They will need to collect a new TVP for each day they attend the relevant venue.

NOCs must submit requests for TVPs directly through the Guest Pass System (GUP) by completing the required upload template (sent with the registration materials in March 2016). This template must include details of all potential TVP users, which should have been saved in the GUP system by the Sport Entries deadline of 18 July 2016.

The application procedure will be the same for stand-alone and competition training venues. Once NOCs have entered the names of all potential TVP users in the GUP and concluded their DRMs, team leaders should go to the appropriate sport desk in the SIC to request the venues and dates for the TVP. At that point, the SIC volunteer will confirm that the NOC has quota available and register the request.

Upon arrival at stand-alone training venues, individuals should report to the workforce entrance, where they will be issued with a TVP for the day upon presentation of valid photo identification. For competition training venues, individuals should report to the Venue Accreditation Office (VAO), where they will follow the same procedure.

For the Shooting competition, TVPs will be available for the Olympic Shooting Centre. Please see below the Shooting quota for TVPs per NOC per day:

Discipline	Venue	DAILY QUOTA PER NOC		Applicable period	Venue access
		No. of athletes	No. of passes per day		
Shooting	Olympic	1-10	1	25 July to 5 August	Limited to training areas. No access to seating - ticket required to attend competition.
	Shooting	11-20	2		
	Centre	21	3		

THE GAMES

Accreditation

The Rio 2016 Organising Committee for the Olympic and Paralympic Games issues an Olympic Identity and Accreditation Card (OIAC) to each accredited individual participating in the Rio 2016 Olympic Games. The OIAC establishes the identity of its user and allows access to Olympic Games venues.

Before validation, the OIAC is referred to as a Pre-Valid Card (PVC). Accredited delegates will be able to validate their PVC upon arrival in Rio de Janeiro from 24 July 2016, in order to be able to access the Olympic Village and venues. Access to the Olympic Village is limited to individuals with access codes OLV and R. Access to other competition and non-competition venues is determined by the access conferred by the individual's validated accreditation.

PVC holders may enter Brazil (all ports of entry) multiple times from 5 July 2016 to 28 October 2016, upon presentation of their card and the same valid travel document (a valid government issued photo ID (RG) or Brazilian driving licence for Brazilians, a government issued photo ID for countries associated with Mercosur, or a valid passport for the above and all other nationalities) that was used in the application for accreditation, without requiring a separate entry visa. Accredited athletes (Aa category) and Team Officials (Ao, Ac, NOC or P category) are eligible for a visa waiver.

Individuals using their PVC or OIAC as a visa waiver to enter Brazil must ensure their identity document is valid until at least 31 December 2016. The identity document used to enter Brazil must match the information provided on their application for accreditation.

Accreditation facilities

During the Olympic Games, the Accreditation Centre at the Olympic Village Welcome Centre will serve as the primary accreditation centre for athletes and team officials.

Venue Accreditation Offices (VAOs) will be located at strategic locations close to official Olympic venues. The table below shows the accreditation facilities available and the services that will be provided at each.

FACILITY	POPULATION	VALIDATION	CARD PRODUCTION	PHOTO CAPTURE	HELP OFFICE
Tom Jobim International Airport (GIG)	All	✓	✗	✗	✗
Olympic Village (Welcome Centre)	NOCs	✓	✓	✓	✓
Olympic Family Accreditation Centre – Novotel Barra (near Windsor Marapendi)	IOC, NOCs and International Federations (IFs)	✓	✓	✓	✓

Media Accreditation Centre	Press and Broadcast	✓	✓	✓	✓
Venue Accreditation Offices (VAOs)	All	✓	✗	✗	✗
Deodoro Accreditation Centre	All	✓	✓	✓	✓
Uniform and Accreditation Centre (UAC)	All	✓	✓	✓	✓
Football Venue Accreditation Centres	All	✓	✓	✓	✓

ACCREDITATION CODES

The Accreditation Card Operating System assigns access privileges according to a privilege matrix that includes any function performing an official role at the Games. The privileges are based on accreditation zones and are printed on the OIAC along with the individual's personal information, function and responsible organisation. At sport venues the privileges give access to accreditation zones as described below:

ZONE	ACCESS ENTITLEMENTS
Blue (colour)	Field of play - competition areas
Red (colour)	Operational areas
White (colour)	Accredited persons circulation areas
2	Athlete preparation area
4	Press areas
5	Broadcast areas
6	Olympic Family areas

At the Olympic Village, the Village Plaza is open to any appropriately accredited persons (those with the OLV privilege code on their OIAC) including visitors (with a guest pass), while access to the Residential Zone is limited to those either staying or working within:

ZONE	ACCESS ENTITLEMENTS
R	Olympic Village Residential Zone

LOST, STOLEN OR DAMAGED CARDS

If an OIAC is stolen, lost or damaged (for example, torn or water-damaged) after validation, it can be reissued at any accreditation facility. Please note the following:

- The individual concerned must make a written, signed declaration.
- A lost or damaged OIAC will be cancelled in the accreditation system, and will not be reactivated even if found at a later date.
- A lost or damaged OIAC will be reissued as soon as possible, after notification has been submitted and the individual presents a valid form of identification. The valid form of identification must be the one which was used in their application for accreditation.
- Reissuance can take place at any of the accreditation facilities listed in the above table.

Team Welcome Ceremonies

Team Welcome Ceremonies (TWCs) are the official welcome to all NOCs participating in the Rio 2016 Olympic Games and will take place in the Olympic Village Plaza before the Opening Ceremony. The exact date and time will be confirmed by your NOC. Each TWC will last no longer than 35 minutes and involve at least one and a maximum of five NOCs.

Opening and Closing Ceremonies

OPENING CEREMONY

The Rio 2016 Opening Ceremony will be held at Maracanã on 5 August 2016 from 20.00 until 23.30. Please note that these times are subject to change.

All marching athletes and team officials will be transported by bus from the Olympic Village to Maracanã for the Opening Ceremony. Transport services for marching athletes and officials on the day of the Opening Ceremony will be available from the Olympic Village only. All marching athletes and officials staying outside the Olympic Village will need to make their way to the Olympic Village to use the transport provided to Maracanã and also to return from the Olympic Village to their accommodation after the ceremony.

Competing athletes (Aa) will march by virtue of their accreditation and will not need a marching pass. Team officials (Ao, Ac) and P alternate athletes will require a marching pass and accreditation to participate in the Athletes' Parade.

Delegations will march in the protocol order that is dictated by the Portuguese language. Greece will march first and Brazil last.

Delegations will enter Maracanã and parade across the field of play past the Presidential Box in view of the audience before being directed to their position on the field of play. Athletes will then stand for the remainder of the ceremony, which is scheduled to conclude at 23.30.

An early departures service to the Olympic Village will be offered for athletes and officials wishing to leave the ceremony immediately after they parade. The early departures process will start immediately after Greece has finished marching and will be provided until the regular departure services start. The first bus for the early departure service is expected to leave Maracanã at 21.00; however, buses will depart only when full, therefore athletes may be required to wait.

CLOSING CEREMONY

The Rio 2016 Olympic Games Closing Ceremony will be held at Maracanã on 21 August 2016 at 20.00. The ceremony is scheduled to conclude at 22.10. Please note that these times are subject to change.

As opposed to the Opening Ceremony, for the Closing Ceremony, all athletes and officials will require a marching pass together with their accreditation.

For the Closing Ceremony, there is no protocol order in which NOCs must enter Maracanã and delegations will enter the stadium together. All other operations will mirror the Opening Ceremony's operations.

MARCHING ATHLETES AND OFFICIALS

During the Opening and Closing Ceremonies, athletes may not display any materials that contain any type of publicity or propaganda, as per Rule 50 of the Olympic Charter. All ceremony uniforms must follow the IOC's Guidelines Regarding Authorised Identifications.

Ticketing

Athletes and officials may access the athletes' stand during competition for their own discipline(s) without a ticket, upon presentation of their Olympic Identity and Accreditation Card (OIAC).

DIFFERENT DISCIPLINE SPECTATING ATHLETES (DDAS) AND OFFICIALS

Rio 2016 is offering a limited number of complimentary tickets for athletes (Aa) and officials (Ao) to the A stand in competition venues for all sport disciplines, except Football matches in the co-host cities. Please contact your NOC for further details on how these can be requested, but please also remember that complimentary tickets will be limited in number, and demand is expected to exceed supply for many venues.

DDA transport to venues

See page [48](#).

ATHLETE FAMILY AND FRIENDS (AF&F) TICKETS

Rio 2016 has set aside tickets specifically for sale to the family and friends of athletes who are participating in the Rio 2016 Olympic Games.

Rio 2016 will guarantee two tickets per athlete, per session they are competing in, with the exception of Swimming, where one ticket per athlete will be offered. Once the designated tickets have been collected, no further tickets will be issued.

TICKET BOX OFFICES

Ticket box offices will be located at competition venues and shopping malls (Shopping Leblon and Via Parque). Box office opening hours and dates at shopping malls and venues vary. Updated information can be found on Rio 2016's website (<https://ingressos.rio2016.com>). There will also be a ticket box office in the Olympic Village Plaza, which will be open from 24 July to 21 August from 9.00 until 21.00 (according to Village Plaza opening hours).

TICKET TOUTING

It is a criminal offence to resell Rio 2016 tickets for a price over the face value, and infractions may result in legal action. Unauthorised resale or misuse of Rio 2016 tickets may be considered a violation of the Rio 2016 Terms and Conditions of Ticket Purchase and may result in the tickets being declared void and the ticket holder being denied entry to the venue. Any misuse of tickets acquired via the AF&F or DDA ticketing programmes may result in a loss of future ticketing privileges.

Transport

A summary of transport at the Games follows below. Please note that full details of transport services at the Games, including timetables, may be found on Info+.

TRANSPORT FOR ATHLETES SYSTEM (TA)

The Transport for Athletes (TA) system will provide bubble-to-bubble transport services for athletes and NOC team officials (Aa, Ac, Ao and P alternate athletes), and their personal equipment, from 24 July until 21 August 2016 for competition and training.

P accredited training partners, personal coaches and Training Venue Pass (TVP) holders do not have access to the TA system. The TA comprises the following services:

- Arrivals and departures between Tom Jobim International Airport (GIG) and Santos Dumont Domestic Airport (SDU), and the Olympic Village
- Transport between the Olympic Village and official competition and training venues
- Internal Village Transport Service (IVTS) operating inside the Olympic Village (see below)
- Ceremonies services
- Recreational services to Via Parque shopping mall and Barra beach
- Football co-host city transport

Internal Village Transport Service (IVTS)

A daily Internal Village Transport Service (IVTS) shuttle will connect key locations inside the Olympic Village, including the Welcome Centre, the Main Dining Hall, Athlete Transport Mall, Village Plaza and the Residential Zone. This service will operate 24 hours a day from 18 July until 24 August 2016, except on Opening and Closing Ceremony days. Frequency will vary depending on the time of day.

Scheduled competition and training services from the Olympic Village

Regularly scheduled transport services will connect athletes to designated stand-alone training venues and competition venues that also serve as training venues. Services are scheduled in line with the training requirements of individual sports. The service will commence on 24 July 2016 (after 12.00) for most sports and will continue until the close of each sport's individual training session.

On competition days, the TA service will be scheduled so that the first bus arrives at the competition venue two to three hours prior to competition starting, in accordance with each sport's requirements. The last bus to leave the competition venue will vary according to the sport's requirements, a maximum of two hours after competition has finished. All schedules will be available on Info+, as well as at the SIC and SID.

Estimated travel times are based on use of the Olympic Route Network (ORN) for as much of the journey as possible and do not include any security screening times, queuing time at the VSA or, where applicable, in-venue travel times.

Scheduled services for spectating athletes

A dedicated transport service will be provided for team sport venues or venues where Rio 2016 anticipates a high demand of athletes wishing to spectate. The dedicated transport service for spectating athletes/officials will be available on competition days only. The service will run from the Athlete Transport Mall at the Olympic Village to the spectators' area at specific clusters or competition venues. The frequency of the service and type of vehicle (coach or bus) will depend on the sport/competition session. There are two types of dedicated services:

- **Dedicated shuttle service:** Shuttle service departing from the Olympic Village at a frequency to be specified on Info+ and departing from the venue to the Olympic Village up to 30 minutes after the competition session ends.
- **Pre-defined departure service:** One-departure only service departing from the Olympic Village at a set time indicated on Info+ and leaving the venue 45 minutes after the competition session ends.

For venues where dedicated transport services will not be available to travel to the venue to spectate, Same Discipline Athletes (SDAs) and Different Discipline Athletes (DDAs), as well as accredited team officials, will be able to use the existing competition TA system. In this case, priority will always be given to competing athletes.

Neither TA nor spectator-dedicated transport services will be available for athletes and officials wishing to spectate at Riocentro, as the venue is within walking distance from the Olympic Village Welcome Centre, or at the Olympic Golf Course, which can be accessed using the Bus Rapid Transit (BRT) system.

NOCs should also encourage their athletes and team officials to use public transport to travel to and from competition venues in Barra to spectate. The Bus Rapid Transit (BRT) service in Rio will be free of charge for all accredited athletes and team officials at Games time.

A list of venues and sports serviced by the spectating athlete transport services is detailed below.

Olympic Route Network (ORN)

The Olympic Route Network (ORN) is a network of roads linking all official competition and non-competition venues in Rio de Janeiro.

The ORN consists of a combination of dedicated and priority lanes for vehicles with a Vehicle Access and Parking Permit (VAPP):

- **Dedicated lanes:** exclusively for vehicles displaying a VAPP and emergency vehicles.
- **Priority lanes:** only for vehicles displaying a VAPP, emergency vehicles, taxis and public urban buses.

From 31 July 2016, all dedicated and priority lanes will be operational. Before that date, only some sections of the ORN will be operational from the Olympic Village as indicated in the table below:

DATES OF OPERATION	LANES AVAILABLE	DESCRIPTION	VENUES
24-30 July 2016	Dedicated lanes on Transolímpica	Olympic Village to venues in Deodoro zone	All Deodoro venues
	Priority lanes	Shared bus and taxi lane	Copacabana, Deodoro and Maracanã
31 July-22 August 2016	Full ORN	All clusters and venues, as detailed on the ORN map	All venues

In circumstances when the ORN is inaccessible, for example, due to a traffic accident or the Opening and Closing Ceremonies, an alternative route will be in place for properly VAPPED vehicles.

Road Event Olympic Route Network (REORN)

The Road Event Olympic Route Network (REORN) will also be in operation during familiarisation and road event competition days, when road closures on the ORN will be in place.

Public transport

TRAVEL WITHIN RIO

Public transport available in Rio includes the following services:

- Bus Rapid Transit system (BRT)
- Metro
- Train (Supervia)
- Light rail train (VLT)
- Urban bus

Access to public transport services in Rio for individuals in the NOC accreditation categories will be free of charge. This includes the BRT, metro, train and VLT. No free public transport entitlement will be provided for Games Family at the Football co-host cities.

Spectators with tickets for Games events in Rio will need to purchase a Games travel card to use on public transport on the day of their event.

Public transport in Rio is being planned to operate for extended hours on specific days. Further information will be communicated closer to the Games.

Taxis

No taxi drop-off/pick-up areas will be available at competition or training venues.

From 24 July 2016, any un-VAPed vehicles, including taxis, may drop off passengers close to the Olympic Village Welcome Centre, as long as at least one of the vehicle occupants has a PVC or an OIAC. Otherwise, the passengers must exit the vehicle at the VPC and walk 500m to access the Welcome Centre. The closest VPC to the Olympic Village Welcome Centre is located at the intersection of streets Olof Palme and Estrada dos Bandeirantes.

Unlicensed taxis do operate in Rio and Rio 2016 recommends using registered operators. Licensed taxis can be easily identified as they are yellow with blue stripes on the sides with red license plates.

Village

For details about the Olympic Village, please see the Athletes' and Team Officials' Guide, which is available on the Rio Exchange (<https://rioexchange.rio2016.com>).

Security

The federal, state and municipal governments are committed to the security of all those participating in and spectating at the Games, as well as the local population.

Rio 2016's Security team is responsible for planning and coordinating the general safety and security plans for the Games.

Security operations inside the Olympic Village, training and competition venues will be provided by the National Security Force (composed of public law enforcement agents), in close collaboration with Rio 2016 Security.

Venues and the Olympic Village will be under lockdown during Games time. During the lockdown period, all safety and security procedures will be implemented and access control will be activated with the support of security technology. Throughout this period, no individual, vehicle or equipment can enter the venues without the correct accreditation and security checks. After the accreditation check, individuals must go through a personal and baggage inspection. To access locked-down facilities, all individuals must pass through an airport-style X-ray system, called a "mag and bag", at the Pedestrian Screening Areas (PSAs). This system aims to identify prohibited or restricted items before the individual can gain access to the venue.

Security at the Olympic Village

The Olympic Village will be surrounded by a secure perimeter fence. Closed Circuit Television (CCTV) and an intrusion-detection system will be in place at all access points, the secure perimeter and common areas. Cameras will not be in place on residential floors.

Entry into the Olympic Village will only be permitted with a valid accreditation and by passing through a PSA. This process will need to be completed on every entry and re-entry to the Olympic Village.

Security at competition and training venues

Accredited individuals will have a dedicated access point at each venue. They will enter the facility by presenting a valid accreditation and proceeding to the PSA or VSA. Spectators must present their ticket as they access the spectator entrance at competition venues.

Venue Security Command and Control (VSCC) will be in place at each competition and training venue to manage any emergency or security situations. Delegates should approach Rio 2016 workforce or security staff to request emergency assistance inside venues.

Security and transport integration

The Transport for Athletes (TA) system will operate on a “bubble-to-bubble” basis, from the Athlete Transport Mall at the Olympic Village to and from competition and training venues. This means that athletes and team officials will not have to disembark the bus at a VSA; however, these vehicles will need to stop at the VSA for a brief check.

Athletes and team officials will go through a visual accreditation check when entering training and competition venues. They will be allowed into the venues at a controlled, secured area. When returning to the Olympic Village from competition and training venues, athletes and officials will be required to pass through the PSA at the Athlete Transport Mall.

TA transport will have a tracking system, enabling buses to be monitored by Rio 2016 throughout the journey. There will be extensive policing and monitoring of the Olympic Route Network (ORN).

In order to gain access to the secure perimeter of competition and training venues, all vehicles, including T1, T2 and T3, must have the appropriate VAPP and go through the usual security process at the VSA. All passengers will be required to leave the vehicle and pass through a PSA.

PROHIBITED AND RESTRICTED ITEMS AT VENUES

The restricted and prohibited items policy applies to spectators and accredited individuals at the Games. Accredited athletes and team officials will be permitted to bring items into venues that are required for specific Games-related activities (for example, tools of the trade) through the designated athlete entrances at the Olympic Village and at competition and training venues.

The following table is based on the most updated version of the prohibited and restricted items lists and provides an overview of the items that are prohibited - **✗**, restricted - **R** and permitted **✓** - at Rio 2016 competition and training venues, and the Olympic Village. Prohibited items will not be permitted into venues under any circumstances. Restricted items may be allowed into venues under certain conditions.

ITEM DESCRIPTION	OLYMPIC VILLAGE (residents only)	COMPETITION AND TRAINING VENUES (accredited athletes and team officials, spectators)

Objects or clothing bearing political statements which are in violation of the Olympic Charter (Rule 50)	✗	✗
Objects that contain commercial identification and may be used for ambush marketing	✓	✗

In addition to the information provided in the table above, residents of the Olympic Village will be permitted to bring the following restricted items into the Village:

- **Laser pistols for Modern Pentathlon (up to two per competitor), provided that the DUA permit has been issued by the Brazilian army. Should this be the case, the pistols must be kept in the NOC's allotment.**
- **Large items which cannot be screened through a PSA may be brought into the Olympic Village through the Material Transfer Area (MTA).**

NOC assistants will be permitted to bring some items into the Olympic Village on behalf of their NOC, such as food and beverages for personal consumption, equipment and other items, including walkie-talkies, banners and large flags, which are permitted for residents.

Accredited athletes and team officials are permitted to bring food and liquids (up to five litres per person) for personal snacks into competition and training venues, but there are no refrigerators available for the storage of perishable items. Accredited athletes and officials will not be permitted to bring alcohol into the competition or training venues.

Rio 2016 Security reserves the right to refuse entry at its discretion of any item that appears suspicious.

REQUESTS FOR EMERGENCY ASSISTANCE

Emergency assistance outside Rio 2016 venues

Representatives from the police and security staff, as well as fire and medical specialists, will maintain a constant presence at official venues for athletes and team officials.

Emergency services will also be available throughout the city. The following numbers can be used for an immediate public security response outside the Olympic Village and venues:

EMERGENCY

190

FIRE DEPARTMENT AND AMBULANCE SERVICES

193

These services will be available in English and Portuguese. Please note that 911 and 112 (USA and Europe respectively) when dialled within the state of Rio de Janeiro will be re-directed to 190.

Recycling

In line with environmental and political issues, directives, regulations and resolutions of local waste management, Rio 2016 has developed its strategy for waste segregation, treatment, destination and disposal.

In line with the Integrated Municipal Solid Waste Management Plan, Rio 2016 will offer different coloured bins, enabling a prior segregation of recyclable and other waste materials at the point of generation. Please select the correct bin when disposing your rubbish.

Electricity and adapters

Electrical outlets in the competition and training venues are 220 V, while in the Olympic Village apartments they are 127 V. Power sockets in Brazil require a three-pin plug (IEC 60906-1, as below) for power sockets; however, it is compatible with Europlug (C plug). Adapters/transformers will not be provided. Please be sure to purchase in advance the proper equipment for your needs and your team's needs.

RIO DE JANEIRO, THEN AND NOW

The former capital of Brazil, Rio de Janeiro is located in the state of the same name on the south-eastern strip of the country's Atlantic coast. It is one of the most visited cities in the southern hemisphere. In January 1502, the second exploratory expedition by the Portuguese, led by Captain Gaspar de Lemos, reached Guanabara Bay. Legend has it that he entered the bay believing it to be a river, so he named it Rio de Janeiro, literally translated as "River of January".

Rio is a picture-postcard city, with lush green mountains, lakes, blue oceans and miles of white, sandy beaches. It is the home of Sugarloaf Mountain, Maracanã, Guanabara Bay and, overlooking it all, the statue of Christ the Redeemer. It is no wonder Rio is known as the "Marvellous City". The friendliness of cariocas (as Rio locals are known) can be witnessed in the streets, in the bars and at the beach.

CLIMATE

Rio de Janeiro benefits from a mild to warm climate during the winter month of August. Based on statistics from recent years, athletes can expect an average daily high of around 21-22°C (70-72°F) in the Olympic Village. On average, relative humidity ranges from a minimum of approximately 60 per cent to a maximum of approximately 80 per cent. The average monthly rainfall during August is 42 millimetres; the prevailing winds are from the south-west and south-east. The average daylight hours in Rio de Janeiro at Games time (August) are from 6.00 to 18.00.

THE CITY'S OLYMPIC HERITAGE

Brazil is a nation with sport in its blood and has always been a serious competitor in the Olympic Games. Never content with just taking part, the country has long dreamt of hosting the world's biggest sporting event. Brazil's first bid came in 1932, to host the 1936 Games, but Rio de Janeiro failed to advance past the International Olympic Committee's initial selection phase. Sixty years later, Brasília was a candidate for the 2000 Games, until its bid was withdrawn in the first phase. But Brazilian hopes were not dashed, rooted as they were in a deep belief in the value of the Games, and with the certainty that hosting them would boost national development efforts. With firm, unyielding commitment, the groundwork was already being laid on a path that, with each bid, was taking on an ever more clearly defined direction.

Rio de Janeiro's next attempt was to host the 2004 Olympic Games, but again it did not pass the initial selection phase. The Committee's General Assembly made a strategic decision to focus on a Rio bid for the 2007 Pan American Games, with a commitment to making it the biggest and best such games ever held. Competitors and managers were determined to work towards ensuring that the cream of Brazilian athletes would compete on home soil, at a truly impressive event in state-of-the-art arenas. At the same time, Rio prepared its bid for the 2012 Games, in which the city was up against stiff competition. Despite the acknowledged quality of its bid, it was eliminated from the Candidate City shortlist.

Rio's 2004 and 2012 bids were part of an ongoing process in which the city's positive points were strengthened, and the weaker areas addressed, to provide the structure for the next Olympic bid. In 2007, the organisers of the Pan American Games exceeded all expectations, delivering the best edition in these games' history. The capacity to stage and promote a major sporting event had been proven, and recognition for all the effort expended did not take long to arrive: on 2 October 2009, after a hard-fought campaign, Rio de Janeiro won the right to host the 2016 Olympic and Paralympic Games, the first to be held on South American soil.

RIO 2016 COMPETITION VENUES

A total of 37 competition venues, across four zones in Rio de Janeiro and the Football cities, will be used for the Olympic Games.

Barra zone

The Barra zone will be the heart of the Rio 2016 Olympic Games. Located in Zona Oeste (West zone), the area will be a beautiful setting for the competitions. Surrounded by lagoons, mountains and parks, this neighbourhood's idyllic natural setting will be home to the athletes, as well as welcome thousands of spectators and Games visitors. The Olympic Village, Barra Olympic Park, Riocentro, IBC/MPC and Barra Media Accommodation Villages are all located in the Barra zone. Barra will house 15 competition venues, with 16 sports taking place.

Copacabana zone

Copacabana is one of the city's most famous neighbourhoods. Located in Rio de Janeiro's Zona Sul, or southern area, it boasts a beautiful, crescent-shaped beach that stretches more than four kilometres. On Sundays, the lanes of Avenida Atlântica — the beachfront avenue — are closed to cars, so that cariocas and visitors can enjoy the pleasant promenade atmosphere. Families and people of all ages may practise sport, swim in the ocean or simply relax: this is the Copacabana spirit. With its world-famous beaches, beautiful mountains and globally recognisable landmarks, including Sugarloaf and Corcovado, the Copacabana zone will be the perfect setting for the road competitions. With a population of nearly two million people, the events will certainly benefit from an authentically energetic carioca vibe. Copacabana will house four competition venues, with seven sports taking place.

Deodoro zone

Located in the western part of Rio, the Deodoro zone is connected to the city centre and beyond by train lines. Venue construction for the Rio 2007 Pan American Games resulted in an increase in the number of youngsters practising sport, and it is anticipated that this level of participation will increase further with the opening of new venues for the Rio 2016 Games. Deodoro will house nine competition venues, with sports taking place.

MARACANÃ ZONE

The Maracanã zone includes two of Rio's most iconic venues: Maracanã and the Sambódromo, in addition to the Olympic Stadium, built for the Rio 2007 Pan American Games, and nicknamed "Engenhão", after the Engenho de Dentro neighbourhood in which it is located. The zone, though part of Zona Norte, the northern area, is located close to the city centre. Hundreds of people visit the Maracanã complex every day, where they take advantage of its spaces for physical exercise, such as walking and jogging. Maracanã will host the Opening and Closing ceremonies of the Olympic Games, as well as Football and the adjacent Maracanãzinho will host the Volleyball competition. The Marathon (Athletics) and Archery competitions will take place in the Sambódromo, while the Olympic Stadium will be home to Athletics (track and field) and Football. In total, the Maracanã zone will house four Olympic venues, with four sports taking place.
