No.1 (World Champion)	14 points	No.7	6 points

Ranking, tied positions and distribution of Olympic Qualification Points

[Rule C9 as stated in the Rules of Curling and Rules of Competition](#) - Team Ranking Procedure will be used to rank teams at the WCCs and the appropriate qualification points will then be awarded to each team.

Elimination in the event of a tied position

If after the 2017 WCC, there are more than seven (7) NFs/NOCs (in addition to the Republic of Korea) eligible for the Olympic Winter Games PyeongChang 2018 Curling Competition because of the equal number of accumulated points, the elimination will be conducted on the basis of the following criteria.

1. In the event that two (2) or more NFs are tied so that an elimination of one (1) or more of these teams is necessary, the NF with the latest WCC appearance will be the preferred NF. For example, if two NFs are tied for the 7th place after the 2017 WCC, and one of the NFs participated in the 2017 WCC and the other NF did not, then the NF which played in the 2017 WCC will be preferred and the other NF will be eliminated.
2. In the event of a tied situation and Criteria No.1 is insufficient to eliminate the necessary number of NFs, the ranking between the teams in the 2017 WCC will be the deciding factor, or 2016 if that was the latest appearance of the NFs that are tied.
3. Should there be a situation where in fact neither Criteria No.1 nor Criteria No.2 can eliminate the necessary number of teams, the elimination will be done by a play off between the tied teams at a time and venue to be decided by the WCF. If the tied teams are involved in the 2017 WCC, the play off will take place there.
